

Flexible Spending Account Carryover

What is a Flexible Spending Account Carryover?

The carryover feature that comes with your Flexible Spending Account (FSA) allows you to **carry over up to \$610** of unused funds into the following plan year. The FSA is generally a “use-it-or-lose-it” account, but the carryover helps you save up to \$610 in unspent funds.

The FSA carryover is only offered with a **health or limited-purpose FSA**. If you have a dependent care FSA, the carryover is not an option.

How Does the FSA Carryover Work?

At the end of the FSA plan year, you are able to carry over up to \$610 of unused funds into the new plan year. **For example**, if you elected to contribute \$2,700 to your FSA during open enrollment but only spent \$2,400, you could carry over the remaining \$300 to use in the next plan year. Keep in mind, if you only spent \$2,000, you can also carry over \$610 but you would lose the additional \$90.

Plans vary, so be sure to check your **FSA plan guidelines** to confirm the amount your FSA allows to carry over.

What are the IRS Rules?

The IRS requires proof each claim is for an eligible expense. You may be asked to send a copy of your itemized receipt, itemized statement, or Explanation of Benefits (EOB) showing:

- Date of service (not the date of payment)
- Patient name
- Merchant or provider name
- Service provided or item purchased
- Amount of the expense

Only eligible expenses can be reimbursed. For a full list of FSA-eligible expenses, log into your Chard Snyder online account and view the Healthcare Eligible Expenses Table under *Quick Links* on the *Tools & Support* tab.

You must spend and claim your FSA money within your company's plan deadlines. Once you claim an expense you may not claim it again on your annual taxes.
